C.E. 20xx. Filled with crime and violence that disturbs the peace, the megacity Tokyo has changed into a lawless city. This is where Jo and Meg manage their business. It doesn't matter whether it's gangsters or criminals, there's no job too dangerous for them. With Jo's guns and Meg's wit, they are able to overcome any kind of situation or trouble.

~JO~

A taciturn girl who lives with Meg. Not only is her skill with a gun without peer, but she also possesses incredible physical strength and marvelous reflexes.

~MEG~

A cheerful girl who is Jo's partner. She serves as Jo's backup during battle, but is also actually useful!

~AMY~

A girl who works together with Sei. She supports Sei by making use of a PC.

~SEI~

A girl who is searching for any clue of Jo. She's a member of the secret society White Orchid (Bai Lan).
